"Saint Michael is referred to in Biblical writings as an archangel who wages war against evil. He is known as the heavenly prince or champion charged specifically to guard and defend others. He is legendary as the leader of angels who fought a war in heaven and conquered the dragon and cast it down from the skies. Saint Michael's battles are an allegory of the struggle between good and evil. Throughout the centuries, Saint Michael has been depicted with a sword fighting or standing over a conquered dragon."

"The legendary image of Saint Michael defeating the dragon exemplifies the bravery and gallantry that we associate with aviation Soldiers and those who support them. Saint Michael was assisted by other arch angels in his ultimate defeat of evil. Saint Michael and his angelic warriors demonstrate the boldness and resolve of aviation on the battlefield. Today, those who support the Army aviation community are viewed as an integral component of the success our warriors experience on today's battlefields around the globe."
